< Milestones >

< Our Mission >

To continually innovate, develop & provide polymer-based solutions to society for enhanced living.

< About the Company >

With a presence across the length & breadth of India and a footprint of over 3 decades, Vectus Industries Limited is one of the leading polymer-based Water Storage and Piping Solutions provider in India. With superior quality and cutting-edge technologies, we feel proud to be a one-stop solution for all kinds of water storage & transfer needs with the most diversified product portfolio in water tanks and plumbing systems. We, at Vectus, strive to transfer water in the most efficient manner by continuously innovating and delivering products to conserve the elixir of life. Our products touch millions of lives across the country, truly making us "India ki Waterline".

The company has always believed in constant innovation to keep up with the changing society and its lifestyle. New age thinking and modern approach has helped the company to come up with many one-of-a-kind products.

With more than 4300 dealers and distributors, 18 manufacturing plants and 4 depots across the country, Vectus has become one of the leading water storage and piping solutions in the country that adheres to the national and international standards of quality.

Keeping abreast with the national and international standards of quality, Vectus Industries is an ISO 9001:2015 Certified company.
