< About the Company >

Vectus is a leading player in the Indian polymers industry, primarily dedicated to providing innovative water storage solutions. Established in 1989, with more than 4000+ dealers and distributors, 15000+ retailers and 10 manufacturing units, Vectus has emerged as a trusted name synonymous with quality, reliability, and technological excellence.

At Vectus, we specialize in the manufacturing and distribution of a diverse range of plastic products tailored to meet the evolving needs of residential, commercial, and industrial sectors. Our comprehensive product portfolio includes a wide spectrum of high-quality water storage tanks, bathware products and household plastic products.

With a strong emphasis on innovation and customer satisfaction, Vectus continues to set new benchmarks in the industry. Our state-of-the-art manufacturing facilities, strategically located across India, enable us to deliver superior products consistently while ensuring cost-efficiency and environmental sustainability.

At the heart of our operations lies a commitment to quality assurance and compliance with international standards. Vectus products undergo rigorous testing and quality control measures at every stage of the manufacturing process, ensuring durability, performance, and peace of mind for our customers.

Beyond business, Vectus is deeply committed to social responsibility and community development. Through our corporate social responsibility initiatives, we strive to make a positive impact on society by supporting education, healthcare, and environmental sustainability initiatives in the communities we serve.

Driven by a vision to be the preferred choice for water storage solutions, Vectus continues to innovate, grow, and serve our customers with excellence.

ROAD BARRIERS

VECTUS FENCE WITH STAND

Size L: 2010X W-40X H-1010MM

Size L: 400X W-150X H-735MM

Key Features:

- > High Impact Resistant, long lasting colours, UV stabilized PE barriers
- > 2 mtr. length works out most economical
- > Extremely easy to setup and remove
- > Interlocking barriers enables continuous lines
- > Feet can be adjusted 360 degree

Available Colours :

Key Features:

- > Unique double walled structure which saves space and freight cost by 75%
- > No sharp edges or corners, smooth exterior finish deters graffiti
- > Quick and easy to assemble
- > Use of water inside reduces loss of life & damage to vehicles
- > High impact strength, UV stabilized and long lasting colors
- > Finish and colour treatment for high visibility even in work zones with dense infrastructure and manpower.
- > Aids in clear movement guidance for pedestrians and vehicles in hazardous zones.

Available Colours :

VECTUS BARRIER 6 VERTICAL

Size L: 1610X W-415X H-1020MM
Water Ballast : 60 Ltr.

ROAD BARRIERS

VECTUS BARRIER 2 OVAL

Size L: 2140X W-400X H-1000MM
Water Ballast: 100 Ltr.

Key Features:

- > High impact resistance
- > 2 mtr. length works out most economical
- > Easy to setup and knockdown
- > Interlocking barriers enables continuous lines
- > High impact resistant, long lasting colors
- > Provision to put reflective markers/Tapes

Available Colours :

Key Features:

- > Lightweight make it very easy to install or de - Install even with single person
- > Modular design allows choosing the desired length
- > Tongue & groove interlocking system holds the barrier in place
- > Plank barrier reduces the cost by nearly 40%
- > Stand Barriers are detachable for low transportation cost
- > Provides greater degree of safety than drums
- > Highly visible around work zones with coloured interlocking sections

Available Colours :

VECTUS BARRIER PYRAMID

Size L: 1000X W-490X H-815MM
Water Ballast : 25 Ltr.

ROAD BARRIERS

VECTUS BARRIER PYRAMID WITH CONNECTOR

Connector Size L: 1470X W-150X H-500MM
Water Ballast: 10 Ltr. in Connector

Key Features:

- > Lightweight, only one person required for assembling
- > Modular design allows choosing the desired length
- > Plank barrier reduces the cost by nearly 40%
- > It's hollow interiors can hold water upto 10 ltrs which helps in stabilizing these barriers in rough usage conditions
- > Highly visible around work zones with coloured interlocking sections
- > Provides greater degree of safety than drums
- > Effective system for traffic and pedestrian management as well as demarcating of areas

Note :- Road safety Barricades are available in Yellow and white colors and made against the bulk requirements only.

Available Colours :

TRAFFIC CONES

Key Features:

- > Available in different weights and sizes
- > Made of LDPE (Low Density Polythylene)
- > Option of reflective sleeve/tape
- > Quick setup & knockdown
- > Semi-flexible
- > Option of personalised printing of logos/messages
- > UV Stabilized product with long lasting colours

PARKING CONES

SIZE (Roto Moulded)	1000 mm
"Overall Height (mm)"	1000
Base Height (mm)	55
Base Dia (mm)	420

SIZE (Roto Moulded)	750 mm
"Overall Height (mm)"	750
Base Height (mm)	55
Base Dia (mm)	420

SIZE (Injection Moulded)		
L -380	W-380	H-750
L -380	W-380	H-1000

Available Colours :

TRAFFIC CONES

SPRING POST

Size D: 80X B.D.-200X H-750MM
Water Blast : 25 Ltr.

Size D: 80X B.D.-200X H-300MM
Water Blast : 25 Ltr.

Key Features:

- > Available in different weights and sizes
- > Made of LDPE (Low Density Polyethylene)
- > Perfect for demarcating traffic flow
- > Can be interlinked with nylon/plastic chains
- > Quick setup & knockdown
- > Semi-flexible
- > Option of personalised printing of logos/messages
- > UV Stabilized product with long lasting colours

Available Colours :

ROAD REFLECTOR

Key Features:

- > These studs are dynamically designed so that they can bear maximum load.
- > Provide effective night guidance during night hours and in adverse weather conditions
- > Improve road safety by providing directional cues by the reflected colour

ROAD STUDS

Size L: 100X W-90X H-20MM

Available Colours :

«««« SPEED BREAKERS »»»»

SPEED BREAKERS

Size L: 250X W-350X H-50MM

Key Features:

- > Excellent visibility from distance even
- > Cost effective, durable with low maintenance
- > Perfect shape & design
- > Eye-catching color combination, easily removable
- > Exceptional load bearing capacity
- > Load capacity - 40 Ton

Available in combination of yellow and black colors

CONVEX MIRRORS

200
times stronger
than glass

Size : 450 mm, 600 mm, 800 mm
& 1000 mm mirror diameter

Key Features:

- > Tough and strong, virtually shatterproof, great for both outdoor and indoor applications
- > Convex mirrors provide a field of vision of up to 160 degrees with a wide-angle view
- > Made up of one piece polycarbonate lens which is damage resistant, lightweight and doesn't require skilled labour to install
- > Brim and back holding plate is metal / FRP
- > Polycarbonate Convex Mirrors are 200 times stronger than glass
- > Not affected by any type of light rays
- > Will not produce toxic fumes if burnt
- > Ideal for areas prone to vandalism

Available Colours :

WALL PROTECTOR

CORNER GUARD

Round Angle

Size L: 900X W-100X H-10MM

Round Angle

Size L: 500X W-100X H-10MM

Key Features:

- > Black base with attractive tape color options in yellow and white
- > Longer service life & Low maintenance
- > Corner Guards having special smooth surface on the outside avoids scratches to the vehicles and will not damage the pillar or wall edges
- > Their reflective sticker provides better visibility in the night
- > International standard bright colours effectively catch the driver's attention
- > Tamper resistant

Available Colours :

PARKING BLOCKS

WHEEL STOPPER

Wheel Stopper

Size L: 500X W-160X H-125MM

Wheel Stopper

Size L: 500X W-125X H-100MM

Key Features:

- > Made of 100% recycled rubber
- > Superior strength
- > Easy installation with screw
- > Reflective tape ensures maximum visibility even at night
- > Outperforms concrete. Won't chip

Available Colours :

ROAD MARKING THERMOPLASTIC PAINT

ROAD MARKING THERMOPLASTIC PAINT

Key Features:

- > Better visibility of road during night & fog
- > Better reflectivity
- > High Skid Resistant
- > Gets quickly dried
- > Eco Friendly
