300	1190	745	400	300
400	1340	850	440	300
500	1465	945	420	300
1000	1935	1280	525	300

Horizontal Tank

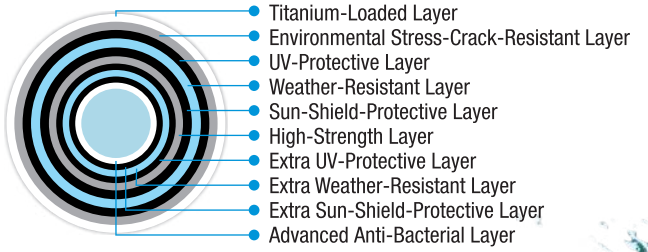

Horizontal Tank is a low-height, high-strength water storage solution for spaces with height limitations. Its advanced 10-layer construction ensures superior strength, weather resistance, and safe, contamination-free water storage. The food-grade inner layer keeps water pure, while UV-stabilised outer layers protect against harsh weather. The stable horizontal design enables easy installation and effortless cleaning for better hygiene. Ideal for terraces, sheds, mobile units, and industrial setups.
